## **DETAILED ACTION**

### ***Reasons For Allowance***

1. **Claims 5, 7 and 9 are allowed.**
2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose a multi-functional traffic signal stick having both functions, a signal stick and a flasher by comprising a grip part having a plurality of supporting rod grooves; a switch part for selection of a signal generating function and a flash light function; a power supply part having a control circuit for controlling power-off and emission of a red signal LED part and a white signal LED part; a length-adjustable flashing-tube connected to the grip part in such a manner as to be telescoped or stretched in an antenna type; a plurality of supporting rods pivotally mounted at a lower end portion of the grip part so as to be fit into the supporting rod grooves as required in claim 5. Claim 9 is also allowed due to having similar limitations as noted in claim 5 in that a plurality of red LEDs mounted on a flexible wire in such a manner as described.
3. The remaining dependent claim 7 is allowable for at least above reason.
4. The prior art made of record and not relied upon is considered pertinent to applicants' disclosure listed on the PTO-982 form attached. None of cited/recorded prior arts stands alone or combination with others discloses all limitation required in claim invention.

### ***Correspondences***

Any comments considered necessarily by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
